### **North Kitsap Education Foundation changes name**

Poulsbo, WA, August 6, 2008 – The board of the former North Kitsap Education Foundation (NKEF) has announced that the name of the foundation has been changed to North Kitsap Schools Foundation (NKSF). The reason for the change is to more clearly distinguish the organization from those with similar names, such as the North Kitsap Education Association.

North Kitsap Schools Foundation, which is a non-profit, volunteer organization, was established in 2002 to promote and help fund the best possible learning opportunity for all students of the North Kitsap School District.
